DOUBLE SIDED STEP LADDERS

- Our double sided range has proved to be one of the most practical and efficient forms of Stepladder; Benefiting all industries, from handymen to electricians to builders and many more.
- The majority of current double sided ladders on the market are rated to no more than 120KG, essentially preventing two workers using the ladder simultaneously to speed up production time. All Isaacson Ladders are EN131 rated to 150KG.

CODE	LADDER	WEIGHT	HEIGHT
ILD004	4 STEP	2.9 KG	1.0 M
ILD006	6 STEP	4.3 KG	1.4 M
ILD008	8 STEP	5.7 KG	1.9 M
